HELP IZZY AND DOC FIND THE ICE CREAM SHOP!

- Print pages 4 and 5. Page 4 has pictures of 6 **short i** words and 9 **long i** words. Page 5 has a picture of Izzy's **short i** path to the ice cream shop and Doc's **long i** path to the ice cream shop. As you can see, Doc has a longer path than Izzy!
- Color the pictures of the **short i** and **long i** words if you like. Then cut them out, mix them up, and place them in a pile with the pictures facing down.
- Take one picture at a time from the pile. If the word for the picture contains a **short i** sound, place it on a square in Izzy's path. If the word for the picture contains a **long i** sound, place it on a square in Doc's path.
- Did both Izzy and Doc make it to the ice cream shop?

FIND THE ICE CREAM SHOP!

Hi, kids!

Doc and I like this peach sorbet in our Friday ice cream cones. It definitely helps keep me feeling fine!

Your pal,
Izzy Impala

IZZY IMPALA'S FRESH PEACH SORBET

(Remember! Ask an adult for permission and help before you start.)

Place the freezer container of a small electric ice cream maker in the freezer the day before you plan to make the sorbet.

Peel, pit, and cut into chunks:

 4 cups fresh or frozen sliced peaches (slightly thawed)

Add to peaches:

 2 Tablespoons lemon juice

 1/2 cup corn syrup

 1/2 cup sugar

1. Blend all the ingredients in a food processor until smooth.

2. Remove the freezer container of the ice cream maker from the freezer and pour in the blended mixture. Follow machine manufacturer's instructions for stirring the mixture until frozen. (This usually takes 25–30 minutes.)

3. Transfer the sorbet to a plastic storage container. Cover and freeze until firm (3 to 4 hours). Enjoy!

If you don't have an ice cream maker, you can try THIS:

DOC'S FAVORITE FRESH PEACH MILKSHAKE

Add to a blender:

 1 large, fresh peach, pitted and sliced

 1 Tablespoon sugar or honey

 1 cup milk

 3 scoops of reduced-fat vanilla ice cream or frozen yogurt

Blend until creamy and smooth.

Makes two frosty milkshakes. Yum!
